MESSAGE FROM THE PRESIDENT

Hello, Namaste & Ni Hao!

I am ready for the unique challenges that come with my new position as the new president of the Nepal Chamber of Commerce Hong Kong.

Although during the past year we were not being able to enroll as many new members into the chamber, my goal is to grow our membership substantially this year and in years to come. With a solid infrastructure in place, we (our team) can manage a larger group of new members in the chamber. I am confident once people meet our Executive Committee members and our leadership team, they will follow us and join us. The larger the membership, the stronger the chamber will

become. My first goal is to win the trust of our members and my second is to solve their problems my third to listen to their problems and explore their Nepali products, their existing business, natural herbs, and of course our business and our Nepalese brand in the local Chinese community.

Hong Kong is the gateway to exploring any newly branded business in mainland China and to the world. This is a golden opportunity for each and every Entrepreneur who dreamed big. We love ideas and my new team is not afraid to try new things. I am honored to take the helm from now onward to this adventure and get to know each of you much better.

We are looking forward to doing something different in the coming days, but this wouldn't be possible without your support I request each and every business house, and a company that has not yet become a member of the Chamber may join us as an active member.

Please say "Hi and Hello" to us and let me know how I and Chamber can make your upcoming business the best ever.

Mr. Lab Kumar Gurung

President, Nepal Chamber of Commerce Hong Kong

NEPAL CHAMBER OF COMMERCE HONG KONG

Nepal Chamber Of Commerce Hong Kong (NCCHK) was established on 6 March 2008, It is an independent non-profit member-driven organization that enables members to share knowledge and develop business relations between Nepal, Hong Kong, mainland China and the Asia Pacific Region. The chamber plays a vital role in organizing events and activities that enables members to develop relations with various institutions and organizations.

Throughout the year, the Chamber's events have substantially increased and have become the main platform for members in exchanging ideas and expanding their network. The Chamber maintains a full schedule of such events to keep members well informed in their field of interest and provide opportunities to meet with other businesspeople and promote their business.

The Chambers' activities include seminars, meetings, workshops, lunches, or informal gatherings. The Chamber has a good relationship with government institutions and other business groups in Hong Kong. This network provides the Nepalese business community with a true platform to become a fundamental part of the Hong Kong business community. The Chamber publishes newsletters and an annual business directory distributed free to the members. The directory provides guides to businesses in Hong Kong together with a listing of members' details, profiles, contact details, and links to their websites.

We have a good reputation, and many consumers have positive perceptions of members and their businesses. At present Nepal Chamber has more than 271 Business members representing companies in Hong Kong both individual and corporate.
